

The Delta Urban Soils Laboratory Testing Report

Sample ID	S0723-2					
Date received: 7/11/23			Date of Report: 7/12/23			
Name	Brandon Rust		Email	bokashiearthworks@gmail.com		
Sample Description	Nutri-pot (Compostable Nutrient Pot)					
Soil Test Report	Soil Heavy Metal Screening with XRF (ppm)				N-P-K range	
	Lead (Pb)	<LOD	Soil pH		Nitrogen	
	Zinc (Zn)	186	Soluble salts (ppm)		Phosphorus	
	Copper (Cu)	24	Soil texture		Potassium	
	Arsenic (As)	<LOD	Total Organic Content (%)			
	Nickel (Ni)	<LOD		Note:		
	Chromium (Cr)	26				

Legend for Heavy Metals: Red – High/High Concern, Orange – Moderate/Possible Concern Depending on Other Factors, Green – Low/No Concern; **<LOD** – below detection limit of the instrument

Result Interpretations

- Heavy metal screening indicates low or no risk of heavy metal contamination
